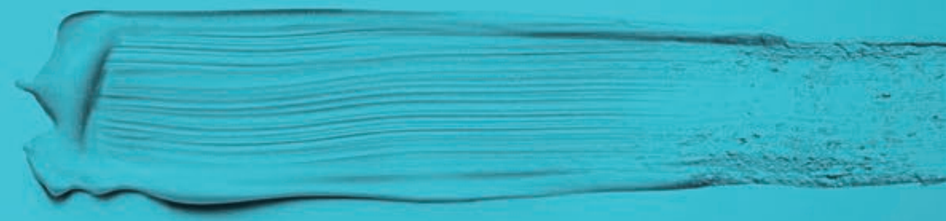
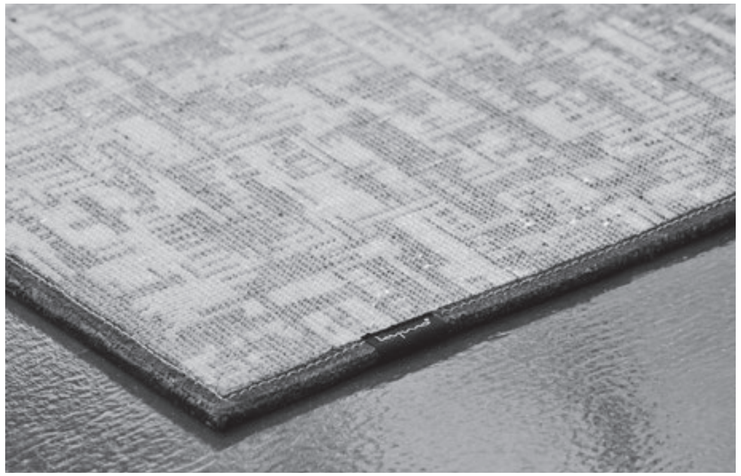
HOME IS WHERE THE STORY BEGINS





HOME AND HEROES

Home – where we come from – makes us who we are. Home can be found everywhere, yearned for everywhere, or glow like a glimmer of hope within.

Home is the fountain of all feats – adventures that sometimes spawn heroes. It fuels our feelings and assists action.

It's all about heroes. The experts who turn something that's pieced together into the fruit of finesse and skilled work, heroes who turn quality into a masterpiece, something that will become a companion for years to come.

It's all about design. Because no matter how perfect the concept, no matter how delightful something is in the eye of the beholder, design turns an object into art, an objet d'art that will become a continual source of revelation...

It's all about the small details. The things that make the difference between a straight necessity and something from the heart, between something everyday and something special. When the details are right, they conjure up a smile, time and again.

n recent years kymo has been awarded with the following design prizes for various models:

FLOORWEAR®

Like the deep and soulful pulse of minimal electronic music, the kymo Floorwear® collection creates rhythmic structures that interact with their environment as 3D elements in rooms and spaces. Faithful to the culture of remixing and sampling in music, we encourage everyone to apply their own style and create a unique piece of kymo Floorwear® – by customizing the size, shape, colour or design.

THE MASHUP COLLECTORS EDITION

Deconstructing the familiar and reconstructing it in a contemporary context – that's what THE MASHUP Collectors Edition is all about. This edition of THE MASHUP range uses antique oriental rugs as its raw material. After the printing process, the threads are then remixed in a series of complex, hand-crafted steps – eco-friendly by not using chemical bleaches. The result is in an entirely modern style of rug. Individual and saturated with a new form of distinction, THE MASHUP Collectors Edition rugs tell a modern-day story of deep-rooted respect for tradition and craftsmanship. In 2011 THE MASHUP Collectors Edition was awarded the iF product design award.

The choice is yours: select from 15 standard base colours, or create your own remix using custom colours.

violet lilac red orange khaki green capri blue

taupe dark chocolate brown grey sky grey black blue royal navy

THE MASHUP Collectors Edition is available in 5 standard sizes and can be designed to individual requirements based on a standard range of 15 colours. Furthermore, the size, shape and extra colours can be specified, logos, letters and number combinations can also be printed or shorn into the carpet. If you choose THE MASHUP Collectors Edition you will have a unique piece of art that no one else will ever have.

In 2011
THE MASHUP Concept Edition has been honoured with the AIT Innovation Prize for Sustainability.

THE MASHUP CONCEPT EDITION

Configurable to the max. Easy to reproduce. THE MASHUP Concept Edition models are all quality, handmade oriental rugs made expressly to the strictest THE MASHUP specifications. Because the raw material is so homogeneous, the options are endless for adapting the patterns and colours of THE MASHUP Concept Edition. Compile your own rug to suit any interior design concept or environment imaginable. In 2011 THE MASHUP Concept Edition won the special prize for sustainability awarded by Germany's prestigious architectural magazine, AIT, as part of the 'Innovation Award for Architecture & Flooring'.

THE MASHUP PURE EDITION

GEOMETRIC FLORAL

Purist. Simple. Just raw. Like its sister from the Concept Edition range, THE MASHUP Pure Edition only uses new quality Persian rugs as the basis for its creations.
The difference to THE MASHUP Concept Edition is that for the Pure Edition, only plain patterns are used instead of a patchwork. Because they're already designed and built to last and stand their ground, THE MASHUP Pure Edition rugs come without anti-slip backing whereas the edges are beautifully finished with a handcrafted binding.

THE MASHUP CUBIK

One colour. One size module. No decoration. All held together with a single seam of great strength and value - without unfurling. Can anything that looks quite this effortless be any more refined? Hardly.
THE MASHUP CUBIK is the logical progression of the basic principle behind the entire THE MASHUP range: based on a thousand-year old tradition of hand-woven oriental carpets, we have transformed THE MASHUP floorwear into a contemporary design medium using the tools of the 21st century.
...and take things a step further. Stringently. The result couldn't be more modern. Generous. Highly appealing. A proper masterpiece. THE MASHUP CUBIK.

Furthermore, the size, shape and extra colours can be specified; logos, letters and number combinations can also be printed or shorn into the carpet.

THE MASHUP MAGMA

Magma. A life in total darkness. Motion in unyielding stone. Colour in the shadows and heat deep inside the core. These contrasts are in a constant state of interaction and create a force that gives way to the new. THE MASHUP MAGMA expresses the tension inherent in these elemental forces in every fibre. With its reduced 'smoke black' or 'royal navy' colour schemes in combination with an iridescent red textile core, displayed in the shearing method the carpet uses, it radiates a mighty sense of vitality that immediately grabs your attention. Tension is created. Back and forth the forces exert pressure on each other. Countless exhaustive manufacturing phases make THE MASHUP MAGMA a masterpiece of craftsmanship - down to the smallest detail. A true piece of art: THE MASHUP MAGMA.

THE MASHUP ABSTRCT

When traditional surfaces fade, it's time to clear the way for an injection of modernity. This is THE MASHUP ABSTRCT. Combining the techniques of an oriental rug and refined by the tools of the 21st century, the design, however, is a concept of its origins. Repetitive floral or geometrical patterns? No chance. Traditional colours that are easy on the eyes? Forget it. Grey is the new black. Never dull, THE MASHUP is full of life. Flashes of powerful, glowing red punctuate the monotone grey.
A true test of the elements! Natural equilibrium is restored with an exceptionally tranquil border – in peaceful white.

THE MASHUP FRESCO SERIES

Flowery. Pictorial. Classic. And yet a wholly contemporary take. We put a lot of skill, love and devotion into THE MASHUP FRESCO SERIES. First, we cut up oriental rugs, the sort with the traditional floral motif. Then we bash on a bright blue or a discreet grey. Finally, we put the whole thing through a proper vintage treatment, lending the FRESCO SERIES that faded, yet impressive beauty that aged wall paintings have.
The rug's special features include anti-slide backing and extra-stability bordering made with natural rubber to keep the design steady and stylish on the floor. Just like a proper design statement should be. Can be reproduced anytime and anywhere. Simply très chic.
That's THE MASHUP FRESCO SERIES.

It's all about elegant minimalism! Less is usually more – as is the case with this extremely flat and tabular rug hand-braided using polyester webbing. Thanks to its subtle pattern, the MNML 101 easily breezes through every style test, transforming any kind of floor into a platform for urban design. A self-confident statement of understatement. Inspired by belts used for high-altitude, alpine climbing equipment, the MNML 101's polyester webbing guarantees extreme strength – which doesn't make it just incredibly smart but suitable for outdoor use too.

GO ON.
AND CREATE.

What drives us: The absolute will to create something good. Something beautiful. Something new. Something different. Something we can be proud of. We just want to do things differently – be better, unusual, interesting – in the small things and big things.

So every detail counts. And doing things by hand is the key. Because you have to feel something in order to make it great. We make great carpets. And we love it!

Because we do this together. As a team with everyone contributing and doing what they do best. And together, we always do things our way. We don't look at what others are doing. Instead, we question conventional wisdom so we can apply our revolutionary new ideas. In keeping with our slogan, GO ON. AND CREATE.

The greatest reward for our efforts is being able to work with people who think like us – who understand and love our work and our products as much as we do. Who also keep asking questions and rethinking our ideas and products – using them as a springboard to create something that represents what's best for them. Because imagination, enthusiasm and creative drive know no boundaries. And that's what we aim to convey – and foster – in our work.

And because so much of our heart and soul goes into our products, we have created a new name for them. The only word that can truly describe our carpets:

FLOORWEAR®.
